

CARRIAGE HOUSE

The Carriage House with its high ceilings, exposed wood beams, and roll-back barn doors is a unique multi-function space. Seating up to 50, it can serve as a dramatic private dining room or a venue for wine tasting, art exhibits, lectures, or cooking demonstrations. The Carriage House opens onto a small private garden and reception area surrounded by boutique apple trees, a pleasant breakout or pre-dinner reception area.

Hotel Healdsburg offers a broad range of meeting and special event spaces for executive board meetings, wedding celebrations, wine tastings, lectures and other occasions. All facilities have natural lighting and are conveniently located on the ground floor built around the Hotel's interior courtyard and gardens.

All meeting rooms feature high-speed internet connections and full audiovisual capabilities are available. In addition, Hotel Healdsburg has numerous comfortable indoor and outdoor break out areas for more informal meetings.
